## Christian Schools in Partnership

**Reach Christian Schools** is a ministry of Reach Church. Our four Christian schools partner together to provide parents with the opportunity to find the best educational fit for their children. We focus on providing different educational methods during the day while sharing co-curricular activities such as athletics, drama, and music lessons after school. We also benefit from the strength of shared resources in the areas of administration, admissions, and facilities.

Founded in 1980, RLCA provides a Christ-centered, contemporary education for students in grades PK3-12. Instruction is divided into departments by specialty areas to focus learning on individual categories and interests of the students.

Founded in 1994, TOCS provides a Christ-centered, classical education for students in grades K-12. Instruction is divided into three stages of age-appropriate learning known as the trivium. This time-tested method of education can be traced back more than 2000 years.

Founded in 2001, GCA provides a Christ-centered, homeschool education for students in grades PK3-12. Instruction is offered one or two days per week for parents seeking to be the primary educators of their children.

Founded in 2016, JCA provides a Christ-centered, individualized education for students in grades K-12. Instruction is personalized to meet diverse learning and developmental needs that are not easily met in a typical classroom setting.

**Reach Christian Schools** has two campuses located in Bear, Delaware:
