ELECTIVE CLASSES

Career Pathways Program

Red Lion Christian Academy's Career Pathway Program is designed to offer students the opportunity to take courses in high school that will help ease the transition into specific college majors or explore different career choices. High school students have the opportunity to schedule a series of courses in a specific career clusters in which they might be interested. Students who choose to take at least three courses in a chosen pathway during their four years in high school will receive recognition for their completed pathway at graduation.
